JUSTIN CARTER

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in FinTech and Cloud Computing. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a company with global reach.

WORK EXPERIENCE

Full Stack Web Developer, Freelance | Memphis, TN
December 2022 – Present

Created static websites for different clients small business clients. Also consulted on SEO and social media strategy.

Recent projects:

ascrails.com (Client Website Redesign) - redesigned website for mail-order retailer of specialized car parts. Designed to be responsive and also implemented an order form that customers can use to calculate pricing and also email in orders to the company..

Stock Quote Webpage (Fullstack Web App) – Users can retrieve 20 years of daily closing prices for publicly traded stocks, which is plotted on a dynamic chart (5,000+ data points). Also includes a stock symbol lookup function for all stocks traded on NYSE.

Exercise Tracker (Backend App) – Users can store and retrieve exercise data attached to a specific user, using a MongoDB database.

Other Projects – Unit Converter, URL shortener microservice, calculator webpage, dynamic map of US bachelor degrees by county, and many more.

Founder, business-worthy.com | Memphis, TN
April 2023 – May 2023

Designed and implemented a business valuation website. Presented at a tech conference and hackathon in San Francisco (buildspace). Used JavaScript, HTML, CSS, jQuery, and Google Analytics.

Senior Financial Planner at Legacy Wealth Management | Memphis, TN
January 2019 - November 2022

Designed and delivered specific and actionable advice to clients with empathy and care. Explained complex topics to clients and staff.

Tax Manager at Watkins Uiberall | Memphis, TN
January 2016 - December 2018

Managed six direct reports on discrete client projects. Scheduled all department staff project assignments as part of the scheduling committee.

VOLUNTEERING

GiveCamp Memphis | Memphis, TN

February 2023

Redesigned two nonprofit websites to be responsive and include third-party integrations. Worked as part of a team applying agile methodologies like SCRUM.
